"MSGT Ray Bows has, with *IN HONOR AND MEMORY*, done another huge favor for Vietnam War researchers, veterans and a curious public. This 800-page book provides a meticulous catalogue of American facilities in the Vietnam War -- bases large and small, BOQs, BEQs and memorials -- which were named for individuals who had fallen in battle in this war of our youth. MSGT Bows not only tracked down the names attached to hundreds of these long-vanished facilities, but shares the stories, backgrounds and photographs of the men they were named to honor. With the publication of *IN HONOR AND MEMORY* Ray Bows has ensured that the names and memories of our comrades will live on in history."
